PROFILE SUMMARY

I am a Team Leader and Full Stack Developer with 3+ years of experience building scalable web applications using React.js, Node.js, Python, and modern web technologies. Experienced in leading development teams, designing RESTful APIs, optimising application performance, and deploying enterprise applications. Hands-on experience in Artificial Intelligence and Machine Learning, including recommendation systems, NLP applications, and integrating AI-powered features into modern web applications.

SKILLS

Languages: Python, JavaScript (ES6+), SQL
Frontend: React.js, Next.js, Angular, TypeScript, Redux
Backend: Node.js, Express.js, Flask, FastAPI

AI/ML: Pandas, NumPy, Scikit-learn, PyTorch, NLP, OpenCV
Tools: Git, GitHub, Docker, Postman, AWS, CI/CD Pipelines, Unit Testing
Databases: MySQL, MongoDB

PROFESSIONAL EXPERIENCE

Team Leader & Full-Stack Developer

Dgate Integrated Services Private Limited, Bengaluru, Karnataka - Apr 2026 – Present

- Leading a team of 7 Developers, managing sprint planning, task allocation, code reviews, technical mentoring, and on-time delivery of multiple client and internal projects following Agile methodologies.
- Managing project execution by tracking tasks, developer performance, and delivery timelines using Excel-based project trackers, while coordinating with stakeholders to resolve technical and business requirements.
- Designed and delivered 3+ enterprise applications, including an Internal Sales CRM, E-commerce Platform, and Hotel Management System, ensuring scalable architecture, high code quality, and seamless API integration.

Frontend Developer

Wilson Wings – Design, Branding & Development Agency, Bengaluru, Karnataka - Oct 2022 – Dec 2025

- Developed and maintained responsive web applications using React.js, JavaScript, HTML5, CSS3, Node.js, and REST APIs for client projects. Integrated frontend applications with backend services and contributed to API development using Node.js, FastAPI, and Flask.
- Worked with MySQL and MongoDB for database operations, query optimisation, and data management. Improved application performance through code optimisation, lazy loading, reusable components, and caching techniques. Collaborated with cross-functional teams in an Agile environment using Git for version control and code collaboration.

AI/ML Certification Program

Zidio Development, Karnataka - Mar 2025 - Jun 2025

- Built Machine Learning models including a Recommendation System and SMS Spam Classifier using Python, Pandas, NumPy, Scikit-learn, NLP, data preprocessing, feature engineering, model evaluation, and classification techniques.

PROJECTS

Extrominds CRM – Sales & Lead Management Platform

- Developed a CRM platform to help sales teams manage leads, follow-ups, customer interactions, and lead conversions. Implemented call, SMS, and WhatsApp activity tracking for better sales monitoring and productivity.
- Built dashboards for managers to track employee performance, daily activities, follow-ups, and conversion rates with reporting support.

Hotel Management System (HMS)

- Developed a Hotel Management System enabling online room booking via QR Code and an Admin Portal for managing reservations, customer records, room availability, and booking history.
- Implemented modules for customer management, room allocation, repeat customer tracking, advanced search & filtering, occupancy reports, and booking analytics to improve operational efficiency.
- Built staff management, attendance, payroll, and reporting features with role-based access, dashboard analytics, and automated report generation for hotel operations.

Movie Recommendation System (AI/ML)

- Developed a content-based Movie Recommendation System using Python, Scikit-learn, cosine similarity, and feature engineering to generate personalised recommendations from movie metadata.
- Integrated the TMDB API for real-time movie information and optimised data preprocessing, model performance, and recommendation accuracy.

EDUCATIONAL QUALIFICATIONS

Master of Computer Applications (MCA) - 2021 – 2023

Dr. A. P. J. Abdul Kalam Technical University, Lucknow

Bachelor of Computer Applications (BCA) - 2017 – 2020

Veer Bahadur Singh Purvanchal University, Jaunpur, UP

Interests: Strategy & Operations, Problem-Solving, Product Management, Client Servicing
