PROFILE SUMMARY

Frontend Developer with 3+ years of experience building scalable, high-performance web applications. Strong expertise in modern web architecture, API integration, and responsive design. Experienced in delivering production-ready solutions that enhance usability, performance, and system reliability. Currently expanding expertise in AI/ML to develop intelligent, data-driven applications.

PROFESSIONAL EXPERIENCE

Wilson Wings Bengaluru, Karnataka - Frontend Developer

Oct 2022 - Dec 2025

- Built and maintained scalable React-based web applications ensuring responsive and high-performance user experiences.
- Integrated REST APIs and backend microservices to enable real-time data synchronisation and feature scalability.
- Improved application performance through debugging, optimisation, and cross-browser compatibility enhancements.
- Collaborated with cross-functional teams to deliver production-ready solutions aligned with business requirements.

PROJECTS

Social Media Platform - sneakpeach.com

- Developed interactive UI with real-time updates and integrated payment gateway with subscription management system.
- Connected REST APIs for authentication and data handling while optimising frontend performance and responsiveness.

Cab Booking Service - x-ride.co.uk

- Built a React-based booking system with ride scheduling and vehicle selection features.
- Integrated Google Maps API and backend services for real-time route tracking, fare calculation, and payment processing.

Movie Recommendation System

- Built and deployed a cosine similarity-based movie recommendation system with real-time TMDB API integration, delivering personalised suggestions through an interactive web interface.

INTERNSHIP EXPERIENCE

AI/ML Intern – Zidio Development, Bengaluru

Mar 2025 - Jun 2025

- Built and evaluated machine learning models including recommendation and spam detection systems.

Web Developer Intern – Delente Technologies, Gurugram

Aug 2022 - Sep 2022

- Developed React components and integrated REST APIs for dynamic frontend functionality.

SKILLS

Python, JavaScript (ES6+), SQL, React, Next.js, HTML, CSS, Flask, FastAPI, REST APIs, Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, PyTorch, MySQL, MongoDB, GitHub, Docker, Postman, CI/CD Pipelines

EDUCATIONAL QUALIFICATIONS

Master of Computer Applications (MCA)

2021 – 2023 | School of Management Sciences, Varanasi, UP

Bachelor of Computer Applications (BCA)

2017 – 2020 | Veer Bahadur Singh Purvanchal University, Jaunpur, UP
